### 1. Aims

Our SEN policy aims to:

- Set out how our school will support and make provision for pupils with special educational needs (SEN)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEN

Our school values are Compassion, Achievement, Respect and Enjoyment (CARE values).

Our school vision is '*Every child is loved and known, every child shines*', supported by our chosen bible passage '**Let your light shine**' **Matthew 5:16**.

At St. Andrew's we are aware that some pupils will have a greater difficulty in learning than the majority of children of their age. Their needs will vary but can be identified under four headings; Communication and interaction; Cognition and learning; Social, mental and emotional health; Sensory and/or physical. We aim to give all these pupils individual consideration and make the necessary special provision for them, working in partnership with parents and others, to enable them to have access to the full school curriculum. We aim for our school to be an inclusive and safe environment, including addressing behaviour and bullying.

### 2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities
- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report

### 3. Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of the others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.
